SHRIHARI UPADHYAYA

Product Manager | Associate Product Manager

Bengaluru, India • +91 8147118440 • shrihariupadhyaya28@gmail.com • LinkedIn

PROFESSIONAL SUMMARY

Product professional with 6+ years across EdTech and BFSI, owning the end-to-end product lifecycle — discovery, PRDs, roadmapping, and launch — for platforms serving thousands of enterprise users. Blends data-driven decision-making (SQL, Power BI, A/B testing) with strong cross-functional stakeholder management to ship measurable business outcomes. Hands-on with AI product work (LLMs, RAG, prompt engineering) and a technical foundation (APIs, Salesforce, RPA) that turns business needs into scalable, user-centric solutions. Currently pursuing an Executive MBA at IIM Kozhikode to deepen strategic and general-management expertise.

CORE SKILLS

Product: Product Strategy, Product Roadmap, Product Lifecycle Management, PRDs, User Stories, Backlog Grooming, Feature Prioritization, Go-To-Market (GTM), MVP Definition

Tools: Jira, Confluence, Figma (basic), Excel / Google Sheets, Notion

PROFESSIONAL EXPERIENCE

Senior Product Associate — **Jan 2025 – Present**

Kenverse — *Bengaluru, India*

- Own the end-to-end product lifecycle of the interview module on Salesforce CRM — from discovery and PRDs to launch — for strategic accounts including Manipal Institutes and SP Jain, serving thousands of users and cutting process turnaround by 20%.
- Authored detailed PRDs, user stories, and product roadmaps, ran competitive analyses, and prioritized the backlog to maximize value delivery and lift user adoption.
- Drove A/B testing and data-informed iteration using SQL, Power BI, and user feedback, delivering measurable gains in engagement metrics and NPS.
- Partnered with engineering, design, and business stakeholders to align roadmaps, resolve blockers, and ship on-time releases with a 15% reduction in support tickets via proactive fixes.
- Scaled solutions across educational institutions in India, strengthening partnerships and driving measurable business impact.

Product Specialist — **Feb 2024 – Jan 2025**

Digii (formerly CollPoll) — *Bengaluru, India*

- Led full-cycle product implementations for marquee institutions (NLSIU, IIT Madras, NALSAR, JGI, VIT, MABFSI, TTD), achieving 100% on-time delivery and boosting platform adoption by 25% through enhanced academic and examination features.
- Designed and launched key features as interim Associate Product Manager, improving UX and engagement via iterative design, user research, and root cause analysis.
- Built GTM plans and product strategy grounded in competitive analysis and problem prioritization, aligning initiatives with institutional needs and market standards.
- Tracked product performance in Power BI and SQL to surface insights and optimize outcomes for higher user satisfaction.

RPA Developer (Blue Prism) — **Nov 2019 – Nov 2021**

Tata Consultancy Services (TCS) — *Bengaluru, India*

- Designed and deployed Blue Prism automation bots that reduced cheque verification time by 80% and cut report generation from 3 hours to 30 minutes, improving accuracy across cross-functional teams.
- Earned Blue Prism Developer certification and applied systematic problem prioritization and root cause analysis to deliver reliable, business-aligned automation.

QA Engineer **Mar 2018 – Nov 2019**

Tata Consultancy Services (TCS) *Bengaluru, India*

- Designed and executed BFSI test cases, increasing test coverage by 25% and validating complex systems for seamless client implementations in Agile environments.

Career Break — Civil Services Preparation (UPSC-CSE) **Dec 2021 – Jan 2024**

- Prepared for the UPSC Civil Services Examination (2022, 2023), building resilience, structured analytical thinking, and stakeholder awareness now applied to product decisions.
